PRESIDENT: So ordered. So do we have any resolutions on the desk?

CLERK: Legislative Resolution 135 (read) Senator Richendifer.

PRESIDENT: Senator Richendifer do you want to be heard on your resolution.

SENATOR RICHENDIFER: Mr. President and members of the Legislature. This is in reference to a bill LB607, I believe this year that was killed in the Education Committee. I think the information was rather slim to the committee was the reason that they did not vote this out on the floor. However, there was a lot support from administrators, school teachers, and people that did not show up at the hearing. Iowa's had this law for a number of years, they have had no problems with it. And I believe that this should be looked into, during this interim study committee. I would move for the adoption of the Resolution.

PRESIDENT: The Legislative Resolution 135 will be referred to the Executive Board. Senator Savage for what purpose do you rise?
